### Chapter 1 by \*-\*

In the start of the school year i thought my friend Izzy would never stop hanging out with me until one day she started playing with this girl called Abby. Abby always tries to be cool around everyone. One day i stood up for myself and said, "Look izzy i can't just always forgive you for the things you do, and say to me. We are not friends anymore!!" Ever since then i have been hanging out with the other girls who are my friends now. One day Abby brought this smoking thing to school that she was not supposed to bring. My friends and i warned her, but Abby and lizzy did it anyway.

### Chapter 2 by Popwire

Me and my friends kept talking about it. We didn't know if we should tell the teacher or something. They kept using the smoking thing. We kept telling them to not use it. The next day at recess, we told the nurse. Abby and Izzy didn't find out that we told on them until the next day. The teacher told them to come outside the classroom door with her, so no one could hear. We knew what it was about. We didn't know what they were going to do.
